Inventory at the UVHC

At Upper Valley Health Closet, we loan gently-used medical gear and equipment to aid with short and long term health challenges.

2025 IMPACT

- 5,267 pieces of durable medical equipment loaned free of charge to the community.
- 2,218 people assisted regardless of income.

"My hat is off to you for what you do at the Health Closet…

I was concerned I wouldn't find a gently used walker before my upcoming surgery and you appeased that worry in a few minutes."
~ Local recipient

NEIGHBORS SERVING NEIGHBORS

Volunteers are essential to the Health Closet's mission. We rely on community members to help with:

- Processing and organizing donated medical equipment
- Staffing our phone line
- Assisting and welcoming our customers

YOUR DONATION HAS AN IMMEDIATE IMPACT

"Thank you for collecting, cleaning, repairing, storing, and delivering all of the medical equipment. It is undeniably an incredibly valuable gift. My step-mom had been lent inferior and inadequate equipment and having your reliable tools made all the difference in her recovery and confidence."
